Homework 4

Reading Assignment: read Lesson 7 of the VA Tutorial.

Modeling assignment:

1. Complete part (a) of Assignment 4 of the Course Project. Submit a printed copy of the structure chart and the analysis results.

2. Group assignment – to be completed in groups of 2.
   Identify the modifications and extensions you propose to make to Nandini’s Information System. Submit an informal overview of the proposed changes/extensions.

Your submitted write-up should include a brief overview of
   a. the purpose of the change, in other words, the advantages from modifications and new functionality from the business or system implementation standpoint,
   b. your initial thoughts on how the model would have to change to reflect the new functionality. What functions, processes and data items that are going to modified or added to implement the proposed changes.

In the next assignment you will be asked to update the Nandini Information System model so that it includes your proposed modifications and present the updated diagrams in class.

The purpose of this assignment is to provide you with some initial feedback regarding the proposed changes.
